

# Road Safety Charter

These are the principles that we, parents, carers and school staff, shall adhere to when dropping off and collecting our children.

**BPS. WORKING TOGETHER TO REDUCE TRAFFIC AND KEEP OUR CHILDREN SAFE!**

## Speed

If driving cannot be avoided, **abide by the speed limit of 20 MPH** – at busy times reduce your speed even further.

## Environment

By **regularly walking** our children to and from school we reduce our carbon footprint and protect our environment.

If we must drive and park, we will not leave engines running. Car fumes have a **serious effect on our children's health**.

## Etiquette

We will **always act considerately and politely** to the local residents.

If driving cannot be avoided, we will not **block drive ways, park on corners or pavements** and **park considerately**.

## Parking

School car parks are strictly for **school staff and permit holders only**.

If driving cannot be avoided, we will park in the village car park or on streets away from the school and walk.

## Education

As **role models** for our children we will lead by example – we will **walk, cycle or scoot whenever possible**.

When we must drive, we will park considerately setting a good example for our young drivers of the future.

## Health and well being

Children who **walk, cycle or scoot to school** will have more energy and feel more ready to learn.

## Drop Off

We will not drive into the **school or surgery car parks**.

## Highway code

**Always abide by the highway code including:**

Not parking on yellow zig zags!

Not parking close to junctions!

Not driving or parking on pavements!

# Thank you for helping to keep our children safe
