Reading at Bramhope Primary School

1

Develop pupils' language capabilities

- Purposeful speaking and listening activities support pupils' language development. Purposeful activities include:
 - collaborative learning activities where pupils can share their thought processes;
 - reading books aloud and discussing them, including use of structured questioning; and
 - pupils articulating their ideas verbally before writing.
- Promote high quality dialogue in the classroom, between the teacher and the pupils and between pupils, to support pupils to develop their thinking and use of language.
- Extend pupils' vocabulary by explicitly teaching new words, providing repeated exposure to new words, and providing opportunities for pupils to use new words.

2

Support pupils to develop fluent reading capabilities

- Fluent reading supports comprehension because pupils' cognitive resources can be redirected from focusing on word recognition to comprehending the text.
- Develop pupils' fluency through:
 - guided oral reading—teachers model fluent reading, then pupils read the same text aloud with appropriate feedback; and
 - repeated reading—pupils re-read a short and meaningful passage a set number of times or until they reach a suitable level of fluency.
- Prioritise understanding pupils' current capabilities and teaching accordingly. Most pupils benefit from an emphasis on reading fluency in Key Stage 2 but some may continue to need support with foundational reading capabilities such as decoding.

3

Teach reading comprehension strategies through modelling and supported practice

- Teach specific strategies that pupils can apply to monitor and overcome barriers to comprehension. These include:
 - prediction (based on text content and context);
 - questioning;
 - clarifying;
 - summarising; and
 - activating prior knowledge.
- Model and scaffold these strategies; then support pupils to increasingly use reading comprehension strategies independently, with less and less prompting from the teacher.
- Texts should be carefully selected to support the teaching of these strategies.

4

Teach writing composition strategies through modelling and supported practice

- Writing can be thought of as a process made up of five components:
 - planning;
 - drafting;
 - revising;
 - editing; and
 - publishing.
- Effective writers use a number of strategies to support each component of the writing process. For example, planning can be improved through the strategy of goal-setting. Describe and model how, when, and why pupils should use each strategy, support pupils to practise with feedback, then gradually reduce support as pupils increasingly use the strategies independently.
- Giving pupils a reason to write—and someone to write for—can support effective writing and provide opportunities to teach pupils how to adapt their writing for different audiences and purposes.

5

Develop pupils' transcription and sentence construction skills through extensive practice

- Fluent writing supports composition because pupils' cognitive resources are freed from focusing on handwriting, spelling, and sentence construction and can be redirected towards writing composition. Extensive practice, supported by effective feedback, is required to develop fluent transcription skills.
- Monitor pupils' handwriting to ensure accurate letter formation habits, providing effective feedback to promote efficient and fluent handwriting.
- Consider the types of spelling error pupils are making to identify appropriate strategies for improving pupils' spelling. Explicitly teach spellings and provide pupils with extensive opportunities to practice them. Pupils should also practise sentence combining and other sentence construction techniques.

6

Target teaching and support by accurately assessing pupil needs

- Use high quality assessment and diagnosis to target and adapt teaching to pupils' needs. Rapid provision of support is important, but it is critical to ensure it is the right support.
- Integrate formative assessment into classroom teaching strategies to help ensure that teaching is appropriately targeted and that pupil needs are identified.
- Diagnostic assessment can be used to inform professional judgement about the best next steps; it also makes teaching more efficient by ensuring that effort is not wasted on rehearsing skills or content that a pupil already knows well.
- A range of diagnostic assessments are available and staff should be trained to use and interpret these effectively.

7

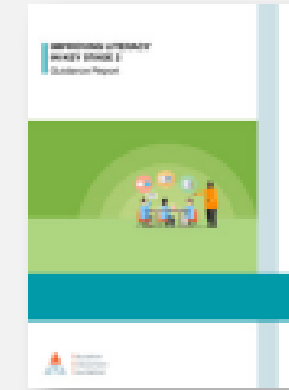

Use high quality structured interventions to help pupils who are struggling with their literacy

- Schools should focus first on developing core classroom teaching strategies that improve the literacy capabilities of the whole class. With this in place, the need for additional support should decrease. Nevertheless, it is likely that a small number of pupils will require additional support.
- There is a strong and consistent body of evidence demonstrating the benefit of structured interventions for pupils who are struggling with their literacy. The first step should be to accurately diagnose capabilities and difficulties in order to match pupils to appropriate, evidence-informed interventions that target specific areas of difficulty.

What is reading fluency?

Reading fluency can be defined as reading with accuracy, automaticity and prosody. When pupils read fluently, their cognitive resources can be redirected from focusing on decoding and onto comprehending a text. For this reason, fluency is sometimes described as a bridge from word recognition to comprehension.

Accuracy

Reading accurately means to decode and read words correctly. It is the ability to apply knowledge of letter-sound relationships when reading and saying written words. Pupils' level of accuracy will impact their speed and ease of reading.

Automaticity

The more cognitive space that is taken up with trying to decode words, the less space that is available to comprehend meaning in a text. Therefore, readers must be able to decode words without thinking about the decoding.

Reading with automaticity is reading words on sight automatically and at an appropriate pace. It feels and sounds effortless for pupils.

Prosody

Prosody is reading aloud (and silently in the reader's head) with appropriate use of stress, intonation and expression. It requires both reading accuracy and a level of comprehension.

Understanding words and ideas enables pupils to make decisions about how they might vary their volume, phrasing, smoothness and pace to reflect emotion, emphasis or tone. Reading with prosody sounds interesting and engaging to others.

Fluency is the bridge between word recognition and comprehension

If students are unable to develop that bridge, they will likely have difficulty in achieving necessary levels of comprehension when reading.

Creating a Reading Culture

At Bramhope Primary School, we are committed to fostering a love of reading from an early age. Reading is at the heart of our curriculum. We aim for all our children to become fluent, confident readers who are passionate about reading.

Environment:

Each classroom has an organised and inviting class library filled with high-quality texts. Pupils have time to browse, explore and enjoy their class libraries each day. Our school library is a celebrated environment in which pupils have time to browse and enjoy high-quality texts. Pupils are taught how to select and find books which they will enjoy and are exposed to new authors and genres.

Book Club:

Teachers influence and support pupils reading choices through Book Club. Each year group has a Book Club session per week, pupils are introduced to new books and recommended reads. Teachers get to know their pupils as readers, in order to foster and develop their reading experiences and preferences. Pupils engage in high-quality book talk and recommend texts to each other.

Reading for pleasure:

Our aim is to promote and nurture a genuine passion for reading amongst pupils and adults. All pupils have a protected time to read each day. Reading time includes adult modelling, book talk, independent pupil reading and sharing stories. The environment during reading time is carefully considered to ensure a positive reading experience.

Bookflix:

Each year group has a core set of 'Top Picks' which they are encouraged to read throughout the year. A store of classic and essential reads with the aim of introducing pupils to a wide range of literature. Copies of each book are available for pupils to loan from school. 'These essential reads would be a store of classics, creating a living library inside a child's mind.' Pie Corbett.

Storytime:

From EYFS to Year 6, daily Storytime is prioritised and provided in a distraction-free environment, where children can become immersed in the high-quality stories. From Talk through Stories in EYFS/Y1 to class novels in Key Stage 2, a love of reading is nurtured through adults reading aloud.

Celebrations:

Reading is celebrated throughout all aspects of our curriculum. **Great Book Swap** - Pupils, parents and carers donate pre-loved books they no longer need. Through rehoming their beloved stories, we spread the joy of reading. All pupils, with their parent/carers, are invited to select a 'new-to-them' book to take home and enjoy.

BOOKFLIX

The aim of Bookflix is to introduce pupils to a wide range of literature and provide opportunities for all pupils to read, listen to and talk about literature by a broad and diverse range of authors.

The books have been selected by Pie Corbett, a well-known author and literacy expert in schools. They include a store of classic and essential reads that help children engage at a deeper level and enter the world of story. As children progress through school, they will be exposed to new and exciting stories. A quote from Pie Corbett provides a helpful summary, 'Imagine a primary school where, over seven or eight years, children read, enjoy discuss and work with a core of around 80 books. These 'essential reads' would be a store of classics, creating a living library inside a child's mind.'

How will Bookflix Work?

Each class will have Bookflix books for their year group. As you can imagine there is a high cost element in purchasing so many books so currently there are only a few copies of each book for each year group. We are hoping to purchasing further books in the near future. Parents are more than welcome to purchase the books for use at home or loan from a local library.

Pupils can loan Bookflix books from school to read in school and at home.

Each pupil will have a Bookflix pupil record. When pupils have read and returned their book, this will be recorded on a central record in school. If you have sourced the book yourselves then please mark the book as 'read' on your child's Bookflix record.

The aim is for pupils to try and read all of the recommended reads for their year group. Whilst we would very much hope children would read all of the books for their year group, we have set pupils the minimum challenge of reading 5 books over the course of the year.

How to help at home:

KS1: Pupils are given two reading books per week in line with their phonics group. Throughout the week, please read the two books as regularly as possible to promote fluency and comprehension skills. We kindly ask for at least one parent/carer comment in your child's reading diary per week, to communicate that the books have been completed and a brief description of their reading. Reading diaries will be collected and checked on Thursdays and books will be changed if/when the comment indicates it has been read. Also, please can reading books and diaries be in school bags every day. This is important as we have fantastic reading volunteers, as well as teachers and teaching assistants, who aim to take as many opportunities as possible to read one-to-one with pupils. This reading will also be recorded in your child's reading diary.

When pupils move to Oxford Reading Tree books, pupils will select one book at a time. We appreciate they may need longer to read them. Please continue to ensure their reading book and diary are in their bag each day and have at least one parent/carer comment in their reading diary each week. Reading diaries will continue to be checked on a Thursday but books can be changed as and when necessary.

KS2: Pupils will continue to select an Oxford Reading Tree book. Please encourage pupils to read as often as possible to promote fluency and comprehension skills. While pupils may often read independently at this stage, we ask for parents/carers to continue listening to your child read aloud on a regular basis. We kindly ask for at least one parent/carer comment in your child's reading diary per week. The parent/carer comment should communicate pages read and a brief description of your child's reading. As well as a minimum of one parent/carer comment per week, older pupils may wish to record their own comments including pages read and a reflection of what they have read. Reading diaries will be collected and checked on Fridays for Year 3 and Wednesdays for Year 4 and 5. Pupils will continue to change their book as necessary. Please keep their reading book and diary in their bag each day to enable school staff to utilise opportunities to read one-to-one with pupils and enable us to record this in their reading record.

Listening to your child read:

Repeat reading - encourage your child to read the same books, paragraph or sentence multiple times in order to develop their confidence, automaticity and prosody.

Choral reading or echo reading - model fluent reading and encourage your child to join in (choral) or 'echo' your expert fluency.

Prosody - use the punctuation and your comprehension to think about how to read the text. Consider speed, intonation, tone, rhythm and phrasing.

- There is a strong and consistent body of evidence demonstrating the benefit of structured interventions for pupils who are struggling with their literacy. The first step should be to accurately diagnose capabilities and difficulties in order to match pupils to appropriate, evidence-informed interventions that target specific areas of difficulty.

Bramhope Primary School Writing Curriculum

Bramhope Primary School Writing Curriculum

At Bramhope Primary School we have based our curriculum on the following four purposes of writing:

Entertain: To entertain the reader often by evoking an emotional response. To write to capture and hold the attention of the reader making them feel happy, sad etc.

Inform: To explain, instruct and to give information to the reader.

Persuade: To argue a particular point of view to convince and persuade the reader.

Discuss: To present arguments and information from different viewpoints to help the reader draw conclusions based on the evidence.

Writing - Sequence of Teaching

1

Writing outcome

Identify writing outcome for the unit.
Reason: Why are they writing?
Audience: Who are they writing for?
Features: What are the features that need to be taught/included?
Tone: How do we want our writing to sound?
Refer the Writing LTP and Unit Planners

2

High-quality text

Identify high-quality text to support and inspire your writing outcome (may or may not be same genre).
Read as a reader - Can I explore and understand the text? Use VIPERs to support planning with a focus on 'staying in the story'.
Refer to Reading Road Maps

3

Writer's toolkit

Read as a writer - explicit teaching of the writing genre, features and SPAG.
Discuss and unpick model texts. Collect and extend vocabulary. Explicit teaching and practice of identified features and SPAG objectives.
Refer to Writing Road Maps

4

Capture and create

Capture ideas - research for non-chronological report, capture ideas for character, setting for narrative writing.
Plan - Select and sequence their content including key vocabulary and concepts where required.
Draft - Likely to begin with modelled, shared or guided writing before pupil's writing.
Edit - From class feedback, editing such focus on one or two key concepts well. Likely to be linked back to identified features/SPAG.
Publish - How the writing will be published depends on the R.A.F.T.

Transcription Skills

Fluency in transcription is key not only for accurate spelling and clear handwriting, but also for the fact that it lessens the cognitive load of writing. Without fluency, children must focus on the mechanics of writing, rather than being able to consider the craft of writing.

Handwriting

The quick brown fox jumps over the lazy dog.

EYFS & KS1 - Daily handwriting lessons

Y3 & Y4 - Handwriting sessions (1/2) each week and additional practice/support where needed.

Y5 & Y6 - Specific teaching where needed.

Spelling

EYFS & Y1 - RWI Phonics

Y2 - Daily No Nonsense Spelling lessons

KS2 - Spelling patterns based on No Nonsense Spellings

Top Tips

The best things you can do when helping a child write:

- Devote time to it. Make it a quality experience. Show your own interest and pleasure.
- See yourself a fellow writer—take part in writing alongside and offer sensitive support when asked. You're not there to police and correct but to engage in writing yourself, too. Share your own ideas, ask your own writing questions, and, importantly, talk as you craft texts together. You don't need to be a 'good' writer but you do need to write.
- Allow children to choose what they would like to write.
- Remember that children can continue with some old writing or start something new.
- See talking and drawing as *planning* and encourage taking things from the reading, video games, play, film, or the television programmes that they like.
- Encourage using 'temporary' spellings whilst drafting, as this is a strategy used by real-life writers. Writing happily and socially is the key to success here.

The Writing For Pleasure Centre
- Promoting research informed writing teaching

Here are just some of things you can write together:

Riddles, rhymes, songs, jokes, poems, signs, labels, lists, charts, booklets, games, recipes, instructions, how to guides, everything I know about... letters, anecdotes, vignettes, true stories, invented stories, comics, fairy-tales, myths, experiments, letters, scripts and plays.
