

### **LC: Can you create a soundscape?**

<https://www.bbc.co.uk/programmes/p02b5dyd>

Using an A4 sheet of paper, gently fold the paper to create three roughly even columns and write 1, 2, 3 at the top of each column.

**Column 1** - task is to draw something from King Katschei's frozen garden in column 1 as you listen to the music. The first extract is from when the garden is still frozen in stone so you could draw a bare tree, a wilted plant, a frozen animal or even a princess statue. Play **0'00 – 0'39** for this bit of the task.

**Repeat this activity for Column 2.** The music has moved on and is now describing the garden beginning to turn back to life. Draw the same image as in column 1 but now slightly altered as the garden begins to 'melt'. Play **0'40 – 1'40** for this bit of the task.

**Repeat this activity for column 3,** starting the recording at about **1'40** and playing to the **end**. The garden is now in full bloom. Draw the same image but now glowing and thriving in the sunlight.
