 <b>Bill</b>	<div style="text-align: center;"> <b>Billopoly</b> </div> <p>Start at Go, pick up your first pay cheque, this will be your starting balance, and then roll the dice for your first move.</p> <p>Roll the dice and move the number of spaces indicated by the dice.</p> <p><b>Pay and bonuses</b>  At the start of each month, if you land on or pass GO, take a card from the pay cheque pile - record this on your bank balance sheet in the <i>paid in</i> column and add this to the current balance column, this is the new balance.</p> <p><b>Unexpected windfall</b> - take a card from the unexpected windfall pile, record this in your bank balance sheet in the <i>paid in</i> column and add this to the current balance column, this is the new balance.</p> <p><b>Life costs</b>  If you land on one of the following you have to spend some of your hard earned money:</p> <ul style="list-style-type: none"> <li>* Shopping</li> <li>* Bill</li> <li>* Withdraw cash</li> </ul> <p>Take a card from the appropriate pile, put the amount in the <i>paid out</i> column and subtract the amount from the current balance, this is your bank account's new balance.</p> <p><b>Luxuries</b>  If you land on a Shopping Trip Luxuries square then you make the decision whether to keep the card or not. If you keep the card then put the amount in the <i>paid out</i> column and subtract the amount from the current balance, this is your bank account's new balance. Keeping the card improves your quality of life 😊.</p> <p><b>Taxman bites</b> - pay the taxman 20% of your total pay to date.</p> <p><b>The Winner is the person who has the most money at the end of the game.</b></p>						 <b>Bill</b>
