

Awesome Animals

Walk on the wild side and
join us on a fact hunting
adventure.

Help us create a gigantic book of animal facts
and take part in the, once in a lifetime, jaw
dropping, animal facts quiz. If you are taking
part in 30 days Wild this will be a great way to
share some of the facts you have been
learning!

This is a 3 week, whole school, writing project in which you
will learn to write a page for an information book about
animals. (Finished pages will be submitted by 3rd July.)
After this, you will then have the fantastic opportunity to
help create a quiz for all your friends from school. The quiz
will be based on the book we will all make together.
Everyone in the school will be welcome to take part in our
animal quiz!

There is still plenty of time to take part follow the video links
below to join in.

Week 1
